Data Acquisition & Testing Services Limited

engineering solutions using test and measurement

Appointment of Mr David Burditt as Consultant Engineer

Data Acquisition & Testing Services Limited continues to thrive and grow as it announces the appointment of Mr David Burditt as Consultant Engineer on 19/07/2010.

Dave is experienced in automotive and test and measurement products. Having formally worked for Datron and Martron measurement companies, Dave has an excellent background in test and measurement technologies; these include digital data loggers, GPS, vehicle dynamics, CANbus and measurement laser systems.

Jez Yarnall, Managing Director said "I am very pleased with the appointment of Dave, his passion and expertise regarding instrumentation will be a great asset for the company."
